Micro/Macroeconomics

Students who earn a score of 4 or better on both the Macroeconomics and Microeconomics exams receive credit for ECON 21000. Students will receive undistributed ECON credit (1XXXX) if they take just one of these exams, earning a score of 3 or better, or take both and receive a 3 on one.

Course numbers listed as "1XXXX" transfer as undistributed credit, which means Purdue does not have an equivalent course. Such credit appears on a Purdue student record as credit hours within the respective subject area. Students should consult with their Purdue academic advisor to determine how undistributed credit may be used to best meet curriculum requirements within the student's specific area of study.
