Awards and Recognition

Purdue College of Pharmacy graduates go on to become leaders in pharmacy and related fields in science and the health sciences. Some become innovators in cutting-edge research or world-class educators. Some hold vital positions in government regulatory agencies, while still others become corporate presidents or college deans. It is with great pride that the College of Pharmacy grants a number of honors and awards annually to its faculty, alumni, and friends around the world.

We are currently taking nominations for the Distinguished Alumni, Eaton Entrepreneurial and Outstanding Early Career Awards. If you would like to nominate a Purdue College of Pharmacy Alum, please [click here](https://www.pharmacy.purdue.edu).
