**2010 Annual Report: Office of Experiential Learning (Practice Sites and Preceptors)**

It is impossible to overstate either the importance of the experiential component of our students' education, the value of the individuals who make the program work, or the cooperation of the practice site where the experience takes place. With thanks, we present a listing of the sites and preceptors that were the backbone of the May 2009-April 2010 Experiential program.

The College of Pharmacy makes every effort to ensure the accuracy of these lists. If for any reason you feel that you have been incorrectly listed or omitted, please contact Amy Chandler, Communications Manager.

- Abel, Steven - Wishard Memorial Hospital (Indianapolis, IN)
