Application to BSPS Program

Bachelor of Sciences in Pharmaceutical Sciences

Students should apply to the Bachelor of Sciences in Pharmaceutical Sciences (BSPS) program through the Purdue University Office of Admissions, which handles admissions in conjunction with the College of Pharmacy.

Be sure to read all of the information from the Office of Admissions about eligibility and the admission process. Transfer students also are encouraged to read the appropriate sections of that site. International students are advised to read information from the International Students and Scholars (ISS) Office. Current Purdue students in other majors that seek to transfer (CODO) into the BSPS program should read the College of Pharmacy CODO page.
