

Off-Campus Pre-Doctor of Pharmacy Curricula

The Pre-Doctor of Pharmacy program may be completed at most accredited colleges or universities. A cumulative total of 60 credit hours is required, which includes advanced placement, department credit, pass/not pass, and so forth. If you decide to attend another institution to complete the pre-pharmacy requirements, we encourage you to contact that institution to verify their course offerings.

Before applying for admission to the Purdue University College of Pharmacy, you should contact the Office of Student Services at 765-496-6885 or pharmacy-oss@purdue.edu for current, accurate information. It is important to plan a sound curricular program, and the Off-Campus colleges/universities may be a good option to consider.

Please Note: Off-campus students are exempt from taking PHRM 10000 (Pharmacy Orientation I) and PHRM 20000 (Pharmacy Orientation II).

The following institutions offer a Pre-Doctor of Pharmacy plan of study:

- [Ball State University](#)
- [Franklin College](#)
