

BoilerWoRx hosts first event

April 20, 2018 - Lafayette, Indiana

The Purdue College of Pharmacy is proud to present BoilerWoRx: a multidisciplinary response to public health needs in Indiana, initially focusing on the opioid epidemic. BoilerWoRx is a strategic mobilehealth initiative that will bring vital services to communities across Indiana.

The BoilerWoRx program, in partnership with the Tippecanoe County Health Department and the Lafayette Transitional Housing Center, will be hosting their first event this Saturday, April 21, 2018 at Lafayette Transitional Housing at the Howarth Center in Lafayette, Indiana. The event will take place from 11:30 am to 2:30 pm.

The BoilerWoRx team will provide counseling, education, training, drug disposal and Hepatitis A immunizations. This event is open to everyone so come out and learn more about BoilerWoRx.
